

Statement of Privacy

This statement of privacy complies with the General Data Protection Regulation (GDPR) which regulates how an organization treats and/or uses the personal data of EU citizens, including organisations located outside of the EU. The GDPR replaces the national data protection laws which were in place prior to May 2018 with a single set of rules, directly enforceable in each EU member state. The GDPR's focus is the protection, collection and management of personal data, (i.e. data about individuals) and it applies to all businesses who hold or otherwise process personal data (including sole traders) of people in EU Member States.

GDPR gives people more rights over how companies collect and use personal data. The act specifically gives people the right to access, correct, delete, and restrict processing of personal data, and lays out strict guidelines about consent for data usage.

Dyspraxia/DCD Ireland is committed to protecting your privacy. This Statement of Privacy applies to The Dyspraxia/DCD website (www.dyspraxia.ie) and governs data collection and usage. By using the Dyspraxia/DCD website, you consent to the data practices described in this statement.

Use of Cookies

The Dyspraxia/DCD web site uses "cookies" to help you personalize your online experience. A cookie is a text file that is placed on your hard disk by a Web page server. Cookies cannot be used to run programs or deliver viruses to your computer. Cookies are uniquely assigned to you, and can only be read by a web server in the domain that issued the cookie to you.

One of the primary purposes of cookies is to provide a convenience feature to save you time. The purpose of a cookie is to tell the Web server that you have returned to a specific page. For example, if you personalize Dyspraxia/DCD pages, or register with Dyspraxia/DCD site or services, a cookie helps Dyspraxia/DCD to recall your specific information on subsequent visits. This simplifies the process of recording your personal information, such as billing addresses, shipping addresses, and so on. When you return to the same Dyspraxia/DCD Web site, the information you previously provided can be retrieved, so you can easily use the features that you customized.

You have the ability to accept or decline cookies. Most Web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may not be able to fully experience the interactive features of Dyspraxia/DCD services or Web sites you visit.

Security of your Personal Information

Dyspraxia/DCD takes all reasonable steps to secure your personal information from unauthorized access, use or disclosure and secures the personally identifiable information you provide on computer servers in a controlled, secure environment, protected from unauthorized access, use or disclosure. When personal information (such as a credit card number) is transmitted to other Web sites, it is protected through the use of encryption, such as the Secure Socket Layer (SSL) protocol.

Removing or updating your information

If you wish to update or remove information previously provided to Dyspraxia/DCD or wish to no longer be contacted by Dyspraxia/DCD please contact us at info@dyspraxia.ie with details of your specific request or phone us on 00353 1 8747085 and your request will be actioned.
